

# Temporary Solar Lighting

## CONSTRUCTION & ROADWORKS

- Powerful
- Reliable
- Durable
- Low maintenance
- Quick & easy to install

### CONCRETE BLOCK

The 1 tonne or 1.5 tonne precast concrete block can be easily relocated around the site via a forklift or crane (certified for this purpose).

### SCREW FOOTING

Cost effective, fast & easy to install & relocatable. The screw footings will drive into soil, clay & sand easily. Screw footing certified to hold pole for cyclonic wind conditions.
